

Fedora Students Contributing Fedora KDE Netbook Remix

Presented by

Aditya Patawari

Fedora Ambassador, Packager and Netbook Remix Maintainer

Topics

1. Fedora Students Contributing

- a. What is FSC?
- b. Why should I go for it?
- c. How to succeed in FSC?

2. Fedora KDE Netbook Remix

- a. Why was it required?
- b. Problems Faced
- c. Friends of a Contributor

Fedora Students
Contributing

a. k. a.

Fedora Summer Coding

What is FSC?

- Program to encourage student contribution
- Opportunity for students to collaborate
- To get more code released under GPL and other compatible licenses
- To share the spirit of freedom

Why FSC?

- Chance to work on large code bases
- You own what you do
- Collaborate with professionals
- Non – Coding projects like Musician's Guide
- Work on upstream projects
- T-shirt, certificate and Monies ;-)

How To Get In?

- Know your interests and stronghold
- Do some research
- Talk to people
- Join mailing lists and discuss
- Prepare to be grilled and neglected

DON'T GIVE UP!

Fedora KDE Netbook Remix

The Need

- Something which is Netbook Centric
- Lesser irrelevant apps like k3b
- Navigation made easy
- Less menus and more searches

What We Built

5

Dolphin

General

Home

Navigation

Services

View Modes

Problems Faced

- How to enable the Netbook Workspace?
- Too many apps in a single package like kdemultimedia
- Community opinion on package splitting

Friends of a Contributor

- IRC
- Mailing lists
- Discussion Groups
- Search Engine
